

**REMARKS**

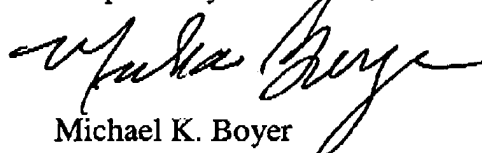

Claims 1-12 are pending in the instant application. New Claim 16 has been added for consideration by the Examiner. Applicants respectfully request reconsideration and allowance of the instant application.

The Office Action indicated that listing references in the specification is not a proper information disclosure statement. Please find attached hereto a Form PTO 1449 that includes the references listed in the instant specification as well as on the face of parent patent (USPN 6,638,590).

In response to the obviousness type double patenting, please find attached hereto a Terminal Disclaimer To Obviate A Double Patenting Rejection. Applicants respectfully request withdrawal of this rejection.

Applicants believe that the pending claims define patentable subject matter and respectfully request issuance of a Notice of Allowability. Should there be any other fee due in connection with this application, please charge the same to Deposit Account No. 15-0680 (ORSCHLN MANAGEMENT CO.). Should the Examiner deem that any further action on the part of Applicants would advance prosecution, the Examiner is invited to telephone Applicants' attorney.

Respectfully Submitted,
